

**Product Name: Keypad Dimmer with Remote Control**

**Product Model: A-202L**

**ABR 爱普瑞**

**Make your life easy, make your home cozy**

#### **Features:**

Pressing the keypad will turn on the light, and pressing the keypad again will turn off the light.

Holding the keypad will change the brightness of the light. Once the keypad is released, the switch will lock and memorize the brightness level.

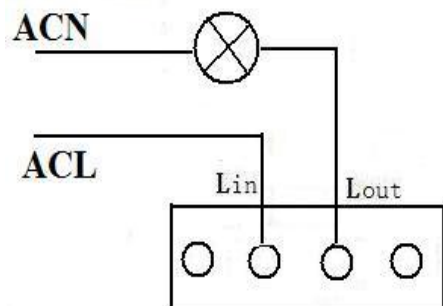

The remote control can also be used to turn on/off the light, and pressing the +/- key will increase or reduce the brightness of the light.

- Operates on a 2 wire system, and fits in a standard wall box;
- Lights turn on at last brightness setting.
- Good for incandescent lights, and all dimmable LED and CFL lights
- Wallplate uses flame resistance ABS-V0 material for safety.
- Classical 86 series design, and easy installation.
