

Product Name: PIR Motion Sensor Switch

Product Model: BRT-350

ABR 爱普瑞

Make your life easy, make your home cozy

Features:

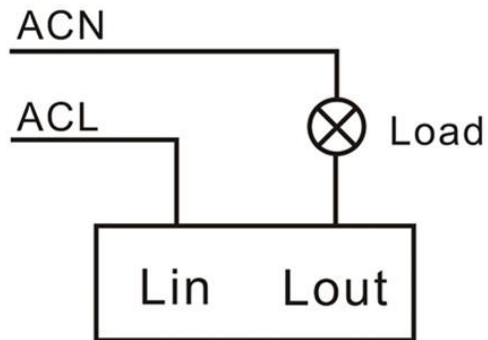

BRT-350 is designed to use passive infrared technology to control lightings or fans. Passive infra-red person detector brings the lights (or other load) on when an area is occupied. It's ideal for use in stairwells, toilets, public buildings where lights are only required when occupied.

- Operates on a 2 wire system, and fits in a standard wall box;
- Auto-ON/Auto-OFF or Manual-ON/Auto-OFF selectable operation;
- Ambient-light override option (no switching lights ON when there's sufficient sunlight);
- With preset time delay settings(custom delay off time available);
- Good for incandescent lamps and motors when without adaptor, good for any kind of lights when with adaptor.
- Classical 120 series design, artistic and easy installation;
- Wall plate uses flame resistance ABS-V0 material for safety.

Specifications:

Voltage	120V/60Hz	Operating temperature	Non-condensing 20-90%, 0℃～40℃
Maximum Wattage	150W	Working distance	3-5m
Front Panel Size	114.3mm * 69.8mm	Matching wall box	104.8mm * 45mm * 28mm
