

Product Name: 5 Speed Ceiling Fan and Light Switch with Remote Control

Product Model: BRT-F027

ABR 爱普瑞

Make your life easy, make your home cozy

Features:

Pressing ON/OFF keys will turn on/off the ceiling fan, and pressing Speed +/- keys will select the ceiling fan speed. There are 5 speed settings.

Once the wallplate is removed, for different motor loads, the minimum fan speed can be set by using a screw driver to adjust the potentiometer behind the indicator .

Pressing LAMP key will turn on or turn off the lights.

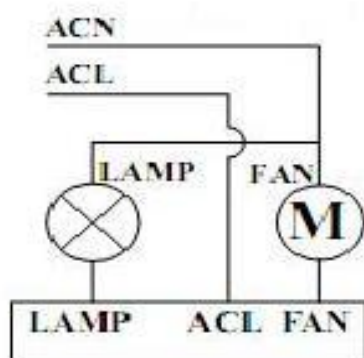

The fan and light can be turned on/off using a remote control. Also, the remote control can select 5 fan speeds: I, II, III, IV and V

- Operates on a 2 wire system, and fits in a standard wall box;
- One line for motor control, and another line for light control;
- With power failure memory function: When the power is back again from the power failure, the fan and light will stay at the same status as before the power failure.
- Good for AC motor and all types of lights;
- Wallplate uses flame resistance ABS-V0 material for safety;
- Classical 86 series design and easy installation.

▶ **Specifications:**

Voltage	220~240V(50Hz/60Hz)	Operating temperature	0℃~55℃
		Relative humidity	Non-condensing 20-90%
Light load	150W(maximum)	Motor load	100W(maximum)
Remote control	Infrared	Working distance	5—8m
Installation hole spacing	60mm	Matching wall box	75*75*50mm
Switch dimension	86*86*43mm	Switch weight	84g
Remote control dimension	107*36*14mm	Remote control weight	31g
